TAI CHI IN THE MEADOW

Saturday mornings in June in the meadow were filled with Tai Chi practice. Master David Leung taught the first class, with following classes being facilitated by one of his students. In June we practiced the first six movements of the first of three sections in the Long Form (Yang style 108).

There are no further sessions scheduled for July and August. Those of you that would like to continue with this practice in September should contact lorabee@efn.org. Please state your time preference.

Grant Proposal Updates

We submitted a grant proposal for \$20,000.00 to the Collins Foundation.

The Coquille Tribal Community Fund invited us to submit a full proposal for \$15,000.00 by August 31, 2006. We are working now to meet that deadline.

Anybody out there to proof read the proposals? Please contact Lora Byxbe at lorabee@efn.org.

The Madison Meadow mother of Poison Oak has been ripped out of the ground! We are keeping keen eyes out for possible baby poison oaks.

Saturday Safari for Kids

Join Us in the Meadow!!!

July 15, 10:00 – 12:00
Music by Richard Glauber
Face Painting, Crafts, Snacks
\$5 for each family

See attached flyer for more details.

\$\$\$\$\$\$\$

Donations Still Needed

We still have \$200,000 to raise by December of 2007. Please donate what you can and encourage others to do the same. We appreciate help of every kind but must raise the money or we will lose the meadow.

Mowing

The large activity area in the meadow was mowed to perfection by two faithful volunteers. The equipment rental was donated by the Beehive Rental Company. Thank you!!!
